

Terms and conditions

These terms and conditions ("Terms", "Agreement") are an agreement between Website Operator ("Website Operator", "us", "we" or "our") and you ("User", "you" or "your"). This Agreement sets forth the general terms and conditions of your use of the wallet.arciris.org website and any of its products or services (collectively, "Website" or "Services").

Arciris Wallet Applications

We created means for users to access and transfer ownership of virtual currency tokens ('Virtual Currency'), such as Bitcoins, under the name "Arciris Wallet". By entering into this agreement You will receive a license to use any of the Arciris Wallet Applications. You should only use the Arciris Wallet Application if you are familiar with cryptocurrencies. We highly recommend learning the basics of the specific cryptocurrency, that You plan on using the Arciris Wallet Application for, before running the application.

You Own Your Private Keys

We does not store user's private keys, backup phrases or passwords ("Private Information"). It is very important that You backup and save your Private Information. We urge you to write down your backup phrase and store it offline in two different places. If You lose Your Private Information, it will not be possible for us to recover it for You and You may lose access to Your Virtual Currencies. We don't have access to your wallet, your funds, your transactions or any other information. If You do not understand the above paragraph then we strictly recommend that You learn more about Virtual Currencies before using the Arciris Wallet Applications. If you do not maintain a backup of your Wallet data outside of the Services, you will not be able to access the Virtual Currency associated with your Wallet.

Transactions

The only authentic record of Virtual Currency transactions is the applicable Virtual Currency's blockchain. Our Wallet Applications provide functionality that allows You to send Virtual Currency transfer instructions. We does not guarantee that transactions You perform using the Arciris Wallet Applications shall be stored in any Virtual Currency blockchain. You must ensure that Your transactions conform to the applicable rules of the Virtual Currency software. There may be transaction fees (e.g. mining fees) associated with Your Virtual Currency transactions that are required by the virtual currency system You engage with. We shall not be responsible for any losses You incur due to transaction fees or losses that occur due to incorrectly set transaction fees (i.e. too low or high). We does not have access to Your transactions (or anyone else's).

No Control Over Blockchains

We are not the creator of and does not have any control over any of the Virtual Currencies that the Arciris Wallet Applications allow You to use.
